

Computer Engineering Department

Course name: Web Technologies

Course code: 2CP08

Faculty: Prof Kirtikumar Sharma

ID: 23CP029

Name: Viral Vipulkumar Bhoi

Topic: Report of LAB - 1

LAB 1: Develop static web page of Resume using HTML tags

TABLE OF CONTENT:

1.1 Various HTML tags used in code	3
1.2 HTML code for creating resume	4
1.3 OUTPUT of code	8

1. Develop static web page of Resume using Following HTML tags.

1.1 Various HTML Tags Which are used in this code::

1. **<H1> </H1> to <H6> </H6>**
 - Used for Headings, H1 is Largest on Size where H6 is smallest among them.
2. **<A> **
 - Anchor tags which used to create hyperlinks, links different HTML pages also. We have to specify address in HREF attribute.
3. **<P> </P>**
 - Paragraph tag used to display text as a paragraph.
4. ** **
 - Used to bold the text.
5. **<I> </I>**
 - Used to give Italic effect of text.
6. ** **
 - Used for emphasizing the text. It displays text in italic manner.
7. ** **
 - Used for indicating that text is strong or to show urgency. It Displays text in bold manner.
8. ****
 - Used to display text in super script.
9. ****
 - Used to display text in subscript.
10. **<BIG> </BIG>**
 - Used to display text bigger then surrounding.
11. **
**
 - Used for Line break.
12. **<HR>**
 - To insert a horizontal line.
13. ** **
 - Used to make unordered List. We can use different type of unordered list by using type attribute.
14. ** **
 - Used to make ordered list. We can use different type of ordered list by using type attribute. We can also declare starting point of list.
15. ** **
 - Used to insert data in list. Indicates List item.
16. **Comments:** We can add comments using <!-- --> tags.

1.2 HTML CODE FOR CREATING RESUME:

```
<html>

<head>

  <title>Resume</title>

</head>

<body bgcolor="white" text="#000000" vlink="#4b0082" alink="#ff4500">

  <h1 style="display: inline-block; font-size: 45px; font-family: Arial">

1.3 CODE OUTPUT:

Viral Bhoi

Striving for daily growth and career excellence

[LinkedIn](#) [GitHub](#) [Email](#) [Phone](#)

Education

Birla Vishvakarma Mahavidyalaya

- **BTech in Computer Engineering**
Grade: 8.35

C.V.M. H.S.E.C (R.P.T.P. School)

- H.S.C Gujarat Board (Grade: 98.71%ile)

Skills

- **Programming Languages:** C, C++, JavaScript
- **Web Technologies:** HTML, CSS
- **DBMS:** PostgreSQL

Projects

- **Parcel Management System**
 - Helps users track parcels using ProductID or OrderID.
 - Technologies: C.
- **Military Personnel Management System**
 - Database system for personnel records, deployments, and weapons.
 - Technologies: PostgreSQL.
- **Business Management System**
 - Integrates file handling for admin and consumer modes.
 - Technologies: C++.

Achievements

1. Global rank **611** in CodeChef Starter Div. 4.
2. Winner of *CodeZest* held at BVM.

Competitive Programming

- **CodeChef:** Max rating 1424
- **CodeForces:** Max rating 971
- **LeetCode:** Max rating 1571
